This fan-fiction article, **Aen Hagde**, was written by [SMiki55](#). Please do not edit this fiction without the writer's permission.

Aen Hagde, **Aen 'Agde** (*People of the Stairs, Terrace Folk*), by humans referred to as **Orang Bunian**, are a group of elves who migrated **Far East** during the **Age of Migration**. Being the only elves to adopt agriculture early, they gave birth to a sprawling civilization which survived long after elven kingdoms in the west had gone. Last independent Aen 'Agde regions fell in the 14th century during the invasion led by the Khagan of Hakland.

Characteristics

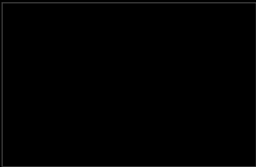

Physical traits

Due to mostly vegetarian diet, Aen Hagde are shorter than other elven tribes and even than most humans. Both sexes are of similar height.

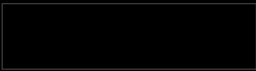

Notes

- The article is free to edit. Please however, do not deviate too far from canon characteristics of the elves in The Witcher universe.
- You can base them on various East Asian, Hindu and Persian traditions, but keep at least some Celtic elements of the canon witcher elves.
